Page 3

Greetings!

Thanks for purchasing inWatch Z, we hope you'll enjoy using it!

Before you begin using Z, please read our user guide and warranty card carefully. This will help streamline your setup process and ensure you are aware of all of the functions and features inWatch Z has to offer.

We have designed Z to be your convenient and capable friend, always with you and always fashionable. Read on to explore inWatch Z and please visit us on Facebook and Twitter to share your experience.

Page 4

Introduction

Please read below before you start your journey with your very own inWatch Z:

- Please turn your inWatch Z off when you are near chemical plants, gas stations or other explosives.

- Please do not use inWatch Z during flight and check if its auto-power-on is activated.
- Please do not use inWatch Z near heart pacemakers, hearing aids or other medical electrical equipment. inWatch Z may interfere with these devices.
- Please do not disassemble, repair or modify inWatch Z. Please contact our post-sale service center if there is any problem.
- Charge your inWatch Z in a well-ventilated environment and keep inWatch Z away from flammable, explosive materials.
- Please keep inWatch Z away from magnetic materials, such as disks, credit cards, etc.
- Please do not expose inWatch Z to extreme temperatures. Prolonged direct sunlight or humid environments should be avoided as well.
- Please do not use liquid or a rag with detergent to clean your inWatch Z, just wipe it with a soft cloth.
- While recording audio, photographs or video with inWatch Z, please do not engage in illegal or unethical behaviors as it may violate local laws and regulations.

Remark: This User Guide is designed to be used in the English language mode of the watch operating system.

Warning: We hold no liabilities for any direct, incidental or consequential damages resulting from improper use.

The actual device may not always match the content and material herein; please refer to the actual device.

inWatch Technology has the right to modify this manual at any time, without notice.

Page 6

Network and Connections

Network:

3G 850, 2100;

2G 850, 900, 1800, 1900.

When using inWatch Z, please abide by and respect local laws, local customs, privacy and legitimate rights of others (including copyright).

Please do not turn on inWatch Z in a place where there may be any interference or danger.

Because inWatch Z can store a lot of useful information, we recommend you back-up all your data regularly.

Tap any icon to open the application.

You can drag up or down to scroll the screen. You can also drag the screen left or right.

The control and notification panel swipes down from the top of the screen, the volume control panel swipes up from the bottom.

Page 7

SIM Card

inWatch Z supports a micro SIM card.

Micro SIM cards let you save data for communication, such as your personal information, PIN code, contacts, messages, etc.

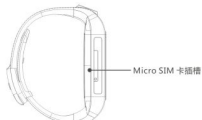

Insert a SIM card

1. Turn off your inWatch Z.
2. Locate the small SIM card hole on the left side of the watch (the opposite side of the power button).
3. Push the SIM-eject tool into the hole until the SIM card tray pops out. (Do not insert SIM-eject tool into the Microphone hole)
4. Pull the SIM card tray out gently.
5. Place your Micro SIM card in the tray with the golden circuit side facing down.
6. Push the SIM card tray gently back into the slot until you feel it "click" into place.
7. Now turn your inWatch Z on. All of the information on the card will now be available on your inWatch Z.

Warning:

Please do not twist or scratch the SIM card, and keep it away from static electricity, dust and water.

Please keep the SIM card and tray away from children.

Micro SIM Card Slot

How to Wear inWatch Z

To put on inWatch Z, please align the clasp, push from behind slightly and press down.

To take off inWatch Z, pull up on the end of the metal clasp.

Adjust the Wrist band

After adjusting the size of the wristband, the position of the clasp will be different. You need to adjust the steel pin to find the most comfortable wrist band size for you.

Page 9

How to Charge inWatch Z

inWatch Z uses external conductive contacts to charge.

- Open the charger clip and align it to the contacts under the wristband
- Close the clip and connect the USB cable for charging.
(You may find the USB cable fits best when Z is in the unclashed position)

Do not use sharp items or pin to insert into this hole (Microphone).

Operating System of inWatch Z

Home Screen

Includes: Weather, Date, Time, Messages and Phone.

Tap the weather widget to change background.

Long press to choose a different widget.

At the locked screen, swipe left/right/up/down to unlock or go the preset shortcuts.

Home button:

By pressing the "HOME" button, you can:

- Return to the home page
- Return to the previous page

A note on our keyboard

Z's included default keyboard is great but for an interesting alternative, try installing Fleksy from the play store, it has a free version that is really cool. We hope to build it into future releases if possible!

Operating System of inWatch Z

Contacts

Tap "Contacts" icon at the App Center.

Contacts are arranged in alphabetical order, and only names are displayed on the first page of the phone book.

Contacts can be saved in inWatch Z, micro SIM card and a smart phone which is set up for synchronization with your inWatch.

Contact information includes : contact name, company, phone numbers and contact photo, etc.

Page 12

Operating System of inWatch Z

Album

inWatch Z will store pictures taken with the built-in camera to the photo album.

Tap "Album" icon at the App Center to access the album, where your photos will be arranged and displayed.

Page 15

Operating System of inWatch Z

Voice

At the home screen, swipe right to access the voice assistant.

Voice assistant supports app opening commands. Tap the microphone icon and say: open camera, or open message, etc.

Mobile App for inWatch Z

inClub

1) Download inClub

You can download inClub from the inWatch's official website, App Stores or scan the QR code on the package.

2) inClub function

inClub is a mobile application that, by connecting inWatch Z and a mobile phone with bluetooth, allows access to cloud settings, watch settings and notifications of phone calls and messages on inWatch Z.

inClub provides private cloud storage, quick setting of the smart watch, reminds you the incoming call and messages from the cell phone. inClub is still under development and more features will be added in future updates.

3) inClub operation instructions

a. Download and launch the inClub app on your phone. Make sure that Bluetooth is enabled on both your phone and inWatch Z and also ensure the two devices are within connection range of each other. Pair them in the inClub app.

b. Tap the upper-right corner to find "Menu"

c. "Account" in the menu is to set up your account information: avatar, nickname, etc.

d. "Settings" in the menu is to set up incoming call, message notifications, adjust watch time and check updates.

e. "About" in the menu is to check the version and inClub updates and to submit your feedback.

This user guide was included to help you understand your inWatch Z, show you how you can wear your inWatch Z and to assist in starting this new experience.

By choosing inWatch Z, you not only choose a fashionable smart watch, you also join the movement of truly smart devices. Z can do it all and we are very pleased to have you as a user.

You can visit our website and social media sites to share your opinions and experiences with other users.

You can also join our "Developer Forum" to start developing apps for inWatch devices.

Scan it to download Android Mobile App.
